

Hello!

Thanks for taking the time to download our info pack! We've put together as much as we can here, however nothing beats a consultation, so if you like what you read then we'd love to meet you to chat through your plans!

Looking forward to hearing from you soon,

Team Shindig!

Our services

- We are **stylists *and* florists**, so if you want to keep everything under one supplier roof, including bridal bouquets - you can. If you already have a florist, we're also happy to work alongside them to provide just styling items.
- We offer a **full styling service**, including delivery, set up and collection of all props – so you can just sit back and relax.
- We offer a **'turnaround' service** which means you can re-purpose items from your ceremony to your wedding breakfast, or vice versa, giving you even more 'bang for your buck'.
- We also have a **faux floral range** so you can hire larger props such as ceremony backdrops and installations, saving budget for elsewhere.

Wedding styling and floral packages

Most of our clients opt for a package combining decorative styling and bridal bouquets.

We design each package on a bespoke basis, depending on your exact requirements. We are happy to provide an itemised quote after a consultation at our shop in Selby.

To give you an idea, most of our clients for 2023/24 are spending around **£1700 - £2000** for full styling, including bouquets, but of course some spend more, some spend less.

We have no minimum spend, and we can provide styling props, florals or both.

Book online for a consultation - [Book Online | Shindig Event Stylin \(shindigeventstyling.co.uk\)](https://shindigeventstyling.co.uk)

Any promotional discounts do not apply to these Items unless otherwise stated on quote. Styling subject to availability as we only commit to styling a limited number of weddings per year.

Delivery and Styling Fees also apply for packages depending on location and amount of styling required.

A refundable £100 damages deposit is required for all styling packages.

Prices for florals depend on final flower recipe.

An adjustment fee for inflation will be added for weddings booked over 6 months in advance.
